About the Sudbury Valley Nature Photographers

The Sudbury Valley Nature Photography group was formed in October 1995 by enthusiasts from the local area wishing to share informally their interest in and knowledge of photography. An encouraging rather than competitive environment prevails within the group, which includes over one hundred professional, amateur, and beginning photographers.

Although our major interest lies in nature photography, activities of the SVNP group are not confined to nature photography. Programs and activities include a range of subject matter and techniques of interest to all photographers.

SVNP has no formal structure: there are no officers, no competitions, and no dues. Activities are financed through voluntary contributions to the "Paper Plate Fund."

A monthly newsletter disseminates information via e-mail to members and anyone interested in SVNP. Those who prefer to receive newsletters by U.S. mail should send 12 self-addressed, stamped envelopes to Chris Ridout, 10 Sherman Bridge Road, Wayland, MA 01778.

SVNP meetings are held on the second Thursday of each month, at Traditions, on Route 27, one mile south of Wayland Center, beginning at 6:30 P.M. with refreshments, and include instructional talks, slide presentations, and discussions of slides, digital images, and prints shown by members. The meetings end around 9:30 P.M. Anyone with an interest in photography is invited to attend.

Occasional field trips are arranged to locations as close as Concord's Great Meadows Wildlife Refuge and as far-flung as Utah's Arches National Park and Great Smokies National Park in Tennessee.
