### About SVNP

*The Sudbury Valley Nature Photographers*  
is an informal group of more than one hundred talented advanced amateur and professional photographers from the western suburbs of Boston, brought together by their passion for capturing the beauty and power of nature through photography.

The group was established in 1995, and regularly exhibits its members' work throughout eastern Massachusetts and on the Internet.

Meetings are held the second Thursday of every month at 7:00 PM in the Great Room in the Main House at Traditions Senior Living Facility, 10 Green Way, Wayland, Massachusetts.

## December Meeting Notes

Warren Bailey couldn't present due to a family emergency, and will be rescheduled at a later date. Wayne Hall stepped up to the plate and presented a wonderful program on his trip through Utah entitled "Wildflowers, Rocks, and Desert Country." Wayne took us through the Grand Canyon, Zion, Capitol Reef, Arches, Checkerboard Mesa, and Castle Rock, as well as many places on Scenic Highway 12. Thanks, Wayne, for the views and the nudge to get back out there to experience those wonderful sights!

In the member's images part of the meeting, Carol Walsh shared her icicle photos, Sue Abrahamsen shared photos of flowers and a swan feather, and Don Sherman shared photos of whales taken on the whale watch. All were wonderful images to see - thanks!

## Announcements

Please bring images on memory stick when showing images at the meeting. If you need to use a CD, make sure you call or email Don Sherman in advance so he can bring the right equipment to be able to show them (don@donaldsherman.com; 978-443-9450)

Carol Walsh is continuing to pursue the possibility of photographing raptors in January in the Western part of Ma. We've discovered another possible raptor venue so more details and date in next newsletter.

Please feel free to change out the displays on the walls at Traditions at any meeting!
